IGE/GM/8

History

- Introduction of “Review of Gas Metering Arrangements” (RGMA) by Ofgem brought about the creation by of the Meter Asset Managers Code of Practice – MAMCoP.
- MAMCop identified the need for new & revised codes of practice, including a new code “IGE/GM/8” to cover the bespoke I & C market within the MAMCop work category 4.
- Work started on IGE/GM/8 in November 2002 and was completed in late 2006.
- IGE/GM/4 was revised & published in 2006 and IGE/GM/1 withdrawn following the publication of IGE/GM/8.
