ABOUT IGEN STANDARDS

Since the 1960s, IGEN has published technical Standards that are now recognised as trusted industry Standards, used to assist in compliance with national legislation and official approved codes of practice and guidance. IGEN Standards relate to aspects of the Pipelines Safety Regulations; Pressure Systems Safety Regulations; Gas Safety (Management) Regulations; Gas Safety (Installation and Use) Regulations; Dangerous Substances and Explosive Atmospheres Regulations; Reporting of Injuries, Diseases and Dangerous Occurrences Regulations; Building Regulations; Health and Safety at Work etc. Act; Management of Health and Safety at Work Regulations; Pressure Equipment Regulations, Electricity at Work Regulations and so on.

The Standards are drafted by expert Panels representing a cross-section of the relevant parts of the gas industry. Regulatory bodies such as HSE, Ofgem and Gas Safe Register contribute to the drafting process. The drafts are issued to the industry and other stakeholders for review and comment prior to publication and, thus, take into account the sometimes broad range of views on the content. The professional status of IGEN ensures its Standards reflect the best possible levels of safety, practice and quality within reasonable cost.

In general, IGEN Standards and guidance documents do not overlap the scope of British Standards (BS) but they do often mirror the scope of British European Standards (BS EN) adding much more detail in many cases. There is no intent to contradict other such standards, and it is IGEN's policy to ensure this does not occur.

IGEM's Standards and guidance documents are mostly available in hard copy. IGEN does also offer online access to the standards, the benefits of this service are:

- the Standards are always up to date
- search facility in the Standards is provided
- new publications onto the system are notified on the Home page
- the company does not have to manage a 'library'
- is accessible through the internet, so not confined to the office
- a help page is provided.

The price of this service is determined by what standards are required, for how many users.

In order to subscribe to the full service either apply online <https://www.igem.org.uk/> or contact technicalenquiry@igem.org.uk for a quotation. The scopes for all of the standards are also available on the IGEN website <https://www.igem.org.uk/technical-services/technical-standards/> .

ABOUT THIS LIST

The list uses the following terms:

Edition X	Where an edition number is stated, the previous edition is superseded i.e. not current and is obsolete.
Set of Amendments	The edition is issued with separate amendments to bring it up to date. These amendments are issued with every Standard purchased but, where this was purchased prior to issue of amendments, they are available for downloading from the IGEN website at www.igem.org.uk or by email to technical@igem.org.uk .
Reprint with Amendments	The edition has been reprinted to contain amendments (and enhancements If applicable). Owners of the previous version of the same edition will have to insert amendments (see above) to bring that version up to date. It is not essential to insert enhancements.
Nth	Refers to a re-print with enhancements. Previous impressions remain current.

PLACING ORDERS (Subject to availability of the Standard)

Orders can be placed using the following methods:

- Online - www.igem.org.uk
- Phone - +44 (0) 1509 678183
- Email - technicalsales@igem.org.uk

Payment must be received before goods can be dispatched. Dispatch of goods is normally within 2 working days of payment. The following methods of payment are accepted:

- credit card (MasterCard or Visa).
- cheque sent to the above address. Please mark correspondence "IGEM Standards Sales"
- through bank transfer (overseas customers will incur a charge for this method). Please request this on the Order Form.

The list of Standards (on page 2, 3 and 4) will be updated when amendments and new editions have been issued. Prices are reviewed annually (1st January) but IGEM reserves the right to change prices at other times and without notice.
